3/26/2020

In accordance with Governor Brian Kemp's Executive Order on 3/23/2020, places of business (other than essential infrastructure) must comply with the following:

"...no business, establishment, corporation, non-profit corporation, or organization shall allow more than ten (10) persons to be gathered in a single location if such gathering requires persons to stand or to be seated within six (6) feet of any other person".

Based on this order, workers must maintain 6ft of distance between them at all times, and each area must have no more than 10 people at one time.

In addition to social distancing, proper, frequent handwashing, and the wiping down of commonly used surfaces must also take place.
